

**To the participants of the international
conference of the seismic protection's
Association of the member countries
of the Organization of the Black Sea
Economic Cooperation**

Dear participants of the conference,

All directions of cooperation are of high importance for our country in the period of Russian chairmanship in the Organization of the BSEC in the first half of the 2016. The special role pertains to you as you deal with the things that are directly relevant to the vital activity of all countries and nations of the Black Sea region that is the prevention of the earthquakes and the carrying out of the scientific researches in seismology. I wish you success in these affairs and in all endeavors!

The executive secretary of the interdepartmental commission
